On trust as a commodity and on the grammar of trust – An Erratum

M.Ali Khan*

This note corrects two sets of errors introduced at the copy-editing stage in the author’s publication in *Journal of Banking and Finance* 26 (2002) 1719-1766.

First, Section 11 is to be deleted – there is no recommendation to the reader for further reading. Second, “Khan, M. A. (Ed.),” is to be deleted from the following references: Baier (1986), Becker (1996), Hirschman (1984) and Lucas (1980) – all of these authors edited their own anthologies.

The author thanks Omar Khan and Philippe Mongin for bringing these infelicities to his attention, and the publisher for his prompt action.
